DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 7 is rejected under 35 U.S.C. 102(b) as being anticipated by Alleyne (U.S. Patent No. 5, 437,672), cited by in the IDS filed 07/28/2009.

Alleyne discloses an implant adapted to be placed between L5 and L1 vertebrae comprising: a brace (16) with a first end (18) adapted to contact an inferior surface of a spinous process of the L5 vertebrae, and a second end; and a base (10) having at least a flange (12) adapted to engage the L1 vertebra and a section to engage the brace; the brace including a first surface that faces towards the base and a second surface that faces away from the base, a thickness of the brace measured between the first and second surfaces being greater at the first end than the second end; the brace and base being connected together with the first end positioned to contact the inferior surface of the spinous process of the L5 vertebra during extension of the spine, wherein the first end is enlarged.

Allowable Subject Matter

Claims 26-37, 39-56, 58-64, 66-69, 77, 83-85 are allowed.

Conclusion

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 07/28/2009 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
